

Protect Your Organization With This Powerful Myth-Busting Program on Alcohol and Drugs

FREE
PREVIEW

Alcohol and Other Drugs at Work: What Employees Should Know

No touchy-feely jargon or hard to understand medical language – just straight talk about alcohol and drug problems, and what employees should know, understand, do and don't do about workplace substance abuse.

Complete training package includes...

- ✓ Full-color, 59-image PowerPoint presentation, easily editable for length and content to meet your needs; (other formats available.)
- ✓ Comprehensive trainer's manual and trainer's presentation notes;
- ✓ Four reproducible employee handouts support key presentation points
- ✓ Reproducible trainee course completion certificate.

Multiple formats are available. No preliminary study or preparation is required. Choose PowerPoint for stand-up presentations, or choose the professionally narrated, animated PowerPoint format or DVD for a predesigned show. Choose the Web access format to put the entire program on your Web site for anytime, anywhere viewing training of hard-to-reach employees. Easy instructions are included.

Phone 1-800-626-4327 to order or use the shopping cart at workexcel.com. This program is completely editable and reproducible. Includes 60 slides, 158 contact content for only \$495. Web course is \$696. Other training programs, even 35mm movies, if you can find anything recent include one tenth of the content packed into this program.
